

WEEKEND OF APRIL 17TH

Over the weekend our website collected a lot of important data and statistics

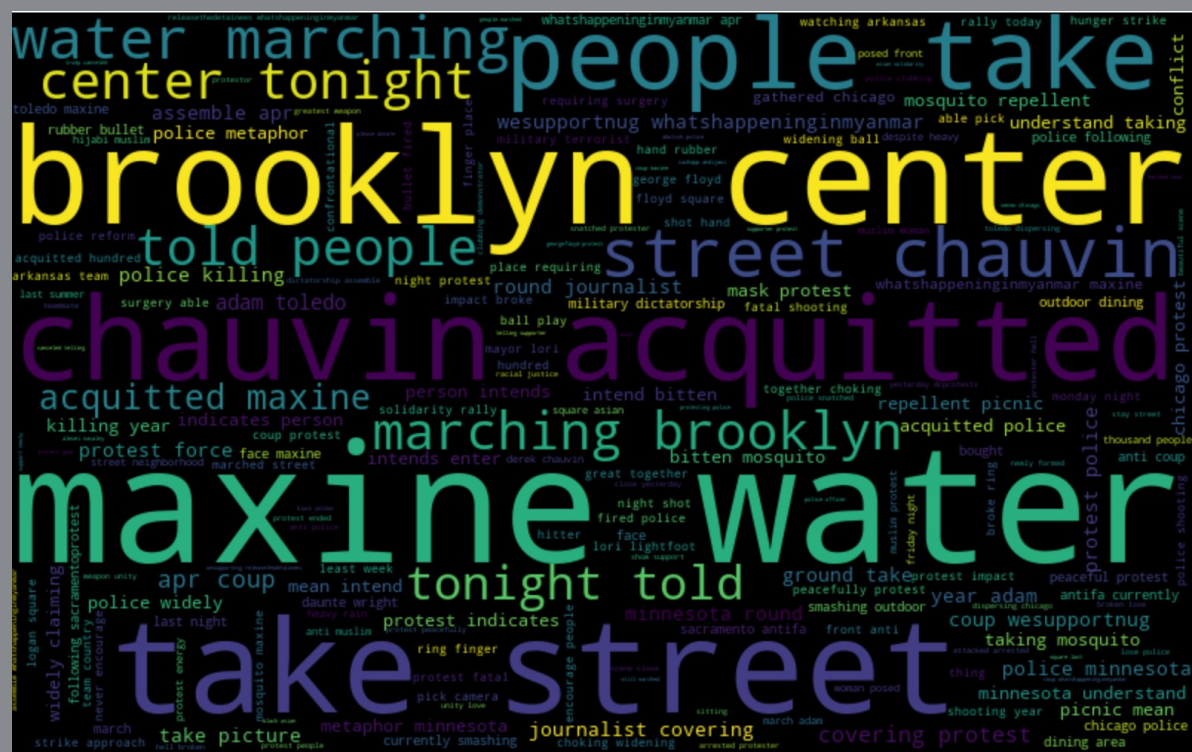

Tweets about Protests
(Click legend to toggle traces)

It displayed the large number of protests in Chicago and Minnesota

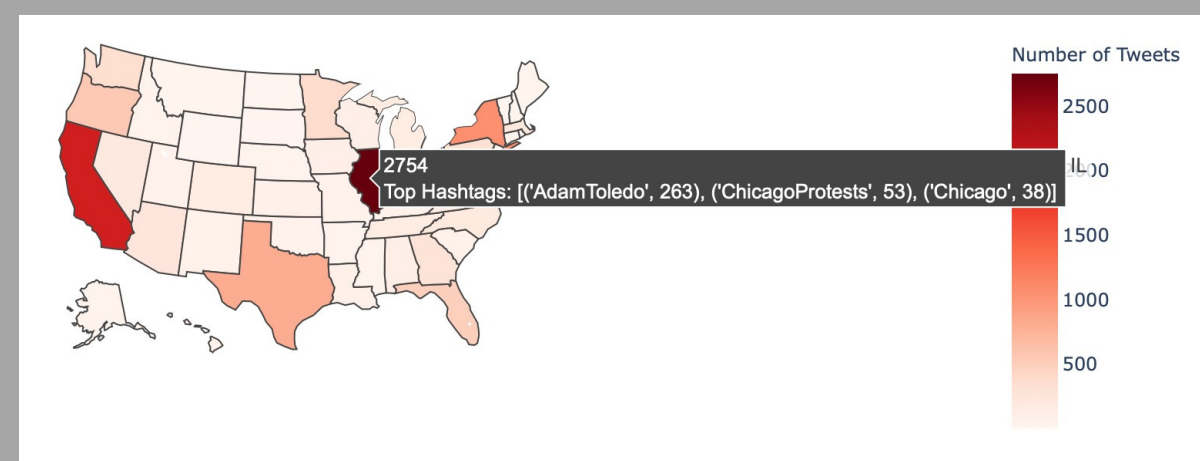

This word map, unlike the one to the left, displays the protests occurring in Chicago surrounding Adam Toledo's death.

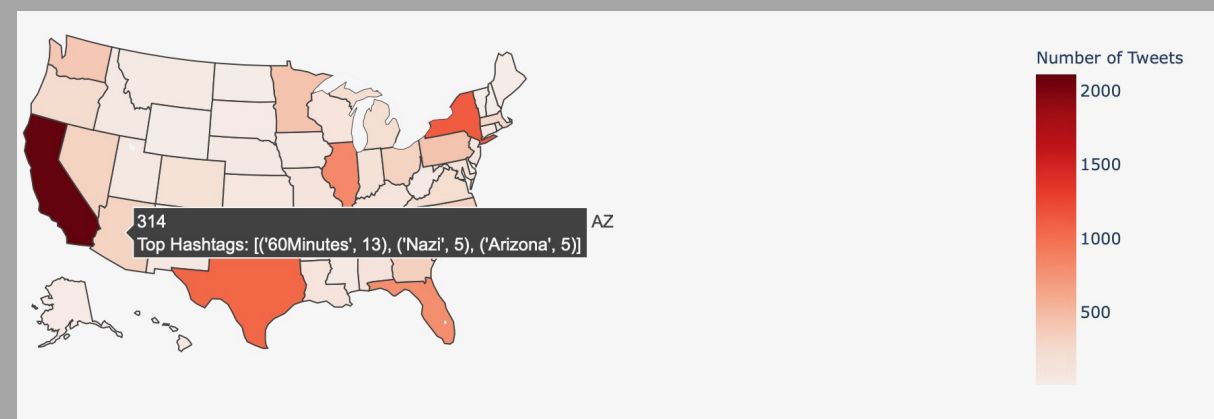

This word map specifically highlights the protests that were occurring in Brooklyn Center and the participation of Maxine Water in the protests

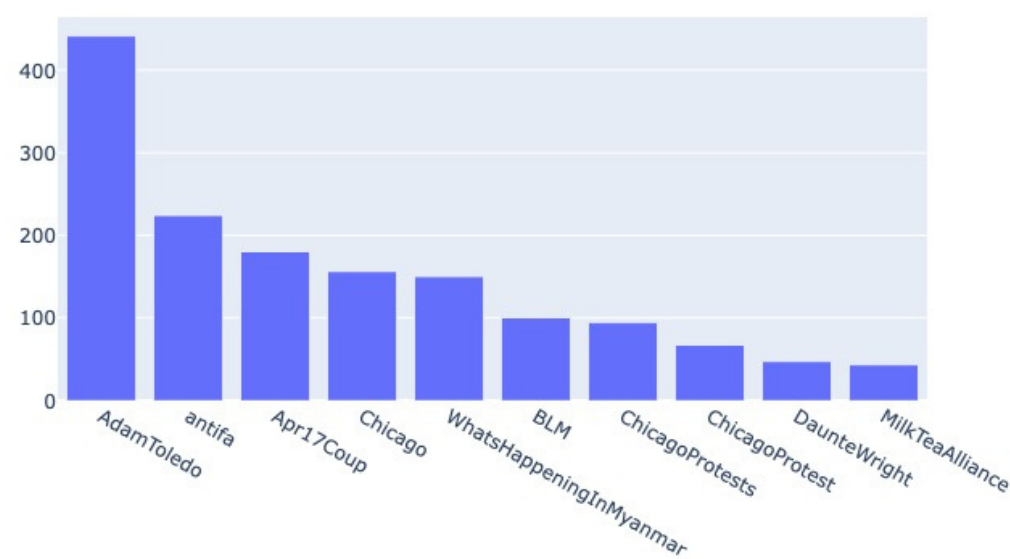

For a deeper understanding of each of the hashtags we added a component to our map that would display the top hashtags for each state with the number of times it was used.

For Chicago, similar to the word map above, the top hashtags were AdamToledo, ChicagoProtests, and Chicago

For Arizona the top hashtags were 60Minutes, corresponding to the 60 Minutes interview with right wing militia head, Nazi, relating to the neo-nazi protest in Phoenix over the weekend, and lastly Arizona.

In order to better visualize the wide range of topics that are being discussed around the country we decided to display the top hashtags which show not only the response to Adam Toledo's death but also the popularity and prevalence of antifa
